PASS, SET, CURE!

BY MADISON SCHLESSELMAN
Junkies Feature Reporter

This past week our school had the privilege to be a part of an amazing event and fund raiser for breast cancer called Pass, Set, Cure, also known as Volley for The Cure and Dig Pink in the past. Pass, Set, Cure has always been one of GCA's traditions. For as long as I can remember, our school has had this event every year. It's an event where we can all come together to support our school and to support a good cause. There are women all over the world suffering from breast cancer, and especially in America. It's so important that we raise awareness and raise money to find the cure for cancer. We all love to wear pink on the Pass, Set, Cure dress down day. We love the activities, the bake sale, and coming together to watch our high school girls' volleyball team put out their best effort to fight against cancer. In this year's Pass, Set, Cure, both the pep rally and volleyball game were really fun to be a part of, and it felt like we had a lot of student involvement this year, which is great! The activities and games during the pep rally were some of the best ones we've done in awhile. I think we all had a great time watching the teachers beat our seniors in a volleyball match and then watching them "try" to hula hoop. Also, congratulations to Will, Ryan, and Madison Baker for wearing the most pink! That night the girls put out their best in the volley ball game against Tree of Life. Even though it may not of ended the way we wanted to, both teams played very well. A special thank you to Mrs. Grubich for making this event happen!

YOUR GOOD NEWS PAPER!

RECAP: GCA COLLEGE FAIR

BY MADISON SCHLESSELMAN

Junkies Feature Reporter

Last Monday, our wonderful Guidance Counselor, Mrs. Manko, contacted a bunch of different colleges just so they could come to our school. We had schools from all over Ohio, Indiana, and a few other states. All of us students in the MS or HS got to go around and talk to all of the different colleges. We got to ask them questions and got to know more about each college. For me, being a senior this year, it really helped me narrow down my choices, so thank you Mrs. Manko for putting in the hard work to make the college fair happen this year.

JUNKIES JOKES

BY KWAME AGYEKUM

A boy asks his father, "Dad, are bugs good to eat?" "That's disgusting. Don't talk about things like that over dinner," the dad replies. After dinner the father asks, "Now, son, what did you want to ask me?" "Oh, nothing," the boy says. "There was a bug in your soup, but now it's gone."

I was wondering why the ball kept getting bigger and bigger, and then it hit me.

Why is it that your nose runs, but your feet smell?

A man just got hit in the head with a can of Coke, but he is alright because it was a soft drink.

Q: Why did Adele cross the road?

A: To sing, "Hello from the other side!"

One day Jimmy got home early from school, and his mom asked, "Why are you home so early?" He answered, "Because I was the only one that answered a question in my class." She said, "Wow, my son is a genius. What was the question?" Jimmy replied, "The question was 'Who threw the trash can at the teacher's head?'"

ATTENTION!

GCA HAS SOCIAL MEDIA!!

BY MADISON SCHLESSELMAN

Junkies Feature Reporters

This year Kenzie Norris and Josiah Haugen have taken over GCA's social media platforms for their senior project. If YOU want to be informed on game scores, events, and other things going on in our school you should check out the social media.

You can follow GCA on **TWITTER**: @ourgca & **INSTAGRAM**: @ourgca and @humansofgca

ALSO!!

For my senior project, I, Madison Schelesselman, am doing an official "Humans of GCA," which is a play off of "Humans of New York," which is a book and is pretty much everywhere online. (Check it out) I made an Instagram account where I will be posting students' and/or staff members' stories/testimonies along with their portrait picture. If you would love to share your story, something you experienced, your experience here at GCA, your testimony, or anything else random about yourself, then **DM @humansofgca, email mschlesselman@ourgca.com or text me (come see me for my cell phone number).**

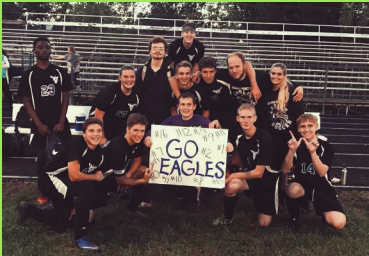

NEW BEGINNINGS

SPORTY SHORTS

BY CALEB ROBINSON

This week was a pretty busy week for GCA athletes, especially with the final week of the 1st quarter just around the corner. There were a total of three varsity soccer games and several Varsity and JV volleyball games, one of which was the Pass, Set, Cure game. (read on pg. 1) To summarize the week's soccer games, the GCA soccer team had a good run with their two-game winning streak against Village Academy and Eastmoor Academy but were suddenly and-not surprisingly-stopped in their tracks by Division Champs, Tree of Life, on Tuesday. The Girl's Volleyball teams had a tough schedule but weren't completely dominated with their games between Tree of Life and Northside Christian. Proud of you, ladies! Overall we're extremely proud of how much each team has grown together as we start to say farewell to the fall sports season in the next couple weeks. Be sure to stay tuned for the winter sports season which will be starting up almost as quickly as this season is ending!

UNITED FOR CHANGE

BY MINA MCGEE
Junkies Feature Reporter

Chicago. Baltimore. Miami. New York. Dallas. Cleveland - these are only some of the many cities where innocent people - and overwhelmingly minorities - have been murdered by the abundance of injustice and brutality from certain police forces. This issue should not come as a surprise to anyone; it is not a new struggle in our society. Just because we are now more aware of this issue does not mean it is any less important now than it was in the past. For the past few years now, we have seen police injustice at a high and violent rate. From what I have seen and read, it's not only a person who is directly hurt, but also their family and friends suffer. In response to this pain, people will support our hurt emotionally and will protest together against this injustice. Our goal should not be to go against one another or to hurt or harm each other. Through history, we have learned that separation only creates more problems. We learn from others; we gain knowledge and acceptance through knowing all different types of people. Uniting together people of all different ages, races, and ethnicities into a cause of saving one another is valuable and highly important in our society. Become part of something that creates a positive change peacefully and that remarks on lives lost so that we gain back justice, peace, and a place to confidently stand together. "Finally, all of you, have unity of mind, sympathy, brotherly love, a tender heart, and a humble mind." 1 Peter 3:8

A NEW YEAR, A NEW VERSION OF YOU!

STUDENT CONNECT: PASS, SET, CURE!

BY HERMON TESFALDET
Junkies Feature Reporter

Pass Set Cure

Q: How did it feel to be out there in court?

A: It was very nerveracking, high energy, but it was really fun.

Q: What was your favorite part of the game?

A: Probably getting to hear all of the fans cheer for us.

Q: Do you regret anything?

A: messing up

Q: What was the hardest part of the game?

A: It was hard to stay focused on the game and not the crowd. I also couldn't really hear our coach.

~Olivia Sauder

DEVOTION TIME

BY CALEB ROBINSON
Junkies Feature Reporter

Many people wonder why God allows bad things to happen to generally good people. The truth is, as humans living in a fallen world, we cannot always control what happens to us. God is not punishing us, but He is allowing things that are out of our control to happen to us in order to test us and help us grow in our faith, be involved in an experience that results to some sort of major puzzle piece of His plan for our lives, or maybe even to just show us things that can change our world-view for the better. In all of these ideas, as Christians it is easy to become distracted by what we think we need when it's really God's way of saying, "Hold on, you're not quite ready for that yet." or "Wait, I have something better in store for your life." With those words in mind, we need to remember that God has a plan for our lives, and He will truly take care of us, whether we see it at the moment or not.

Verse:

For I know the plans I have for you, declares the Lord, plans to prosper you and not to harm you, plans to give you hope and a future. Jeremiah 29:11
